

## Guy Boyington Building

**Project:** *Guy Boyington Building*

**Client:** *Clatsop County*

**Location:** *Astoria, OR*

**Architect:** *Ecola Architects,  
Jay Raskin*

**Project Size:** *4200 Sq Ft*

**Owner Reference:**  
*Mike Robison  
Central Services  
503-325-8565*

This project involved completely removing all the interior finishes, walls, ceiling, etc. The original tall ceilings, ornate plaster work, marble floors and wood trim had been covered up for years. All this was restored or rebuilt to match the original design. The windows were replaced with Pella aluminum clad wood windows to match the original sizes and profiles. A lobby addition was added to the south side of the building and the exterior facades were restored and sealed to protect the building and extend it's life span.

This project received the Dr. Edward Harvey Award for Historic Preservation in 2008 from the City of Astoria.
