

Project History

Clatsop Community Action

Project: *Clatsop Community Action*

Client: *Clatsop Community Action*

Location: *Astoria, OR*

Architect: *Michelle Dieffenbach*

Project Size: *2600 Sq Ft*

Owner Reference:

*Mike Morgan,
PM & Grants Administrator
503-436-1061*

CCA purchased the building with the first floor in newer office space and the second floor as originally designed. We gutted the first floor, restored the similar wood doors as used in the original Creamery and remolded the main floor into open office space. The second floor was restored including all the exterior and interior windows, wood doors, plaster and original trim work. Rickenbach Construction sub-contracted with a local window craftsmen on the second floor window refurbishment and built the first floor transom windows in house.

This project received the Dr. Edward Harvey Award for Historical Preservation 2005 from the City of Astoria.
